

# McMEnt EasyPasses

McM Entertainment Trivia Events consist of 10 trivia rounds. Each correct answer is a round = 10 points. In lightning rounds, where the round is shorter in length (2 minutes), correct answers = 20 points. Any team with a perfect score in a round receives a bonus of **100 points**.

Each team (table) may purchase up to 10 EasyPasses at \$10 each. An EasyPass counts as 1 correct answer and can be used in any round (unless the host instructs otherwise).

Easy Passes are beneficial because they help teams get to 10 correct answers and the 100-point bonus. For example, if a team is sure of 8 or 9 answers, and don't know or aren't sure of 1 or 2, they may choose to use EasyPasses to bump them to the perfect score.

There is no limit on how many may be used per round. The team must select the **specific question for which they are using the easy pass** by placing the EasyPass sticker over the specific question number on the answer sheet.

**All proceeds from EasyPasses directly support the event fundraiser.**
